

Stunning
sliding door
entrances

Record CURVED

Create a grand entrance to impress your guests

Record CURVED Automatic Sliding Doors offers a stunning 360-degree entrance, combining the elegance of a revolving door with simplified, flexible design. They enhance any space, allowing light to flood in creating a welcoming, spacious atmosphere.

Applications

Suitable for commercial buildings, airports, hospitals, hotels, banks & insurance companies, shopping centres, luxury shops and leisure complexes.

Key benefits

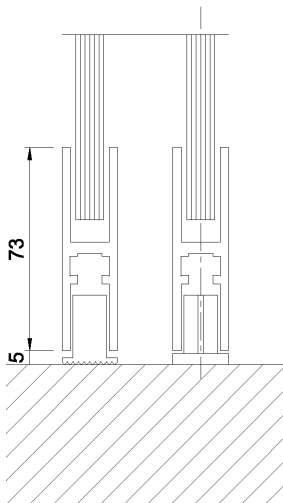

- » Curved glass plays with light to create a visually stunning entrance
- » Spacious door leaves allow natural light to flood in
- » Less costly alternative to revolving doors
- » Ideal retrofit option for existing revolving doors
- » Exceptionally quiet in operation for a calmer environment
- » Wide range of shaped & sizes available to suit individual needs
- » Can be integrated into any curved opening
- » Burglar-resistant glass for enhanced safety & security
- » Suitable for escape & emergency routes
