

Record UK Vacancy**Automatic Door/Shop Front Installation Engineers****Company Information**

Record UK, part of the ASSA ABLOY Group, is one of the major companies within the automatic pedestrian door systems industry. The group manufactures and distributes door systems to over 40 countries worldwide.

We design, manufacture, supply, install and service automated door systems and aluminium shopfronts throughout the UK to a wide range of organisations and clients.

Due to continued growth and the high demand for its services, the company is now seeking to recruit a suitable candidate to join the installation team.

Job Description

We are looking for a skilled and motivated Automatic Door/Shopfront Installation Engineer to join our dynamic team. As part of a well-established industry leader, you will contribute to the installation of cutting-edge automatic door systems and aluminium shopfronts, ensuring high-quality service to our commercial and industrial clients.

After a period of training on our product range you will be expected to have knowledge of installing automatic door systems and aluminium shopfronts, working with a team or independently.

You will install automatic door systems and aluminium shopfronts at customer premises and active construction sites, working both independently and as part of a team. You will liaise daily with the Project Manager and Installation Planner to schedule work and ensure timely completion of projects, submitting all required paperwork promptly.

Working from the closest hub you will be expected to travel across the surrounding areas, with the possibility of occasional weekend working too.

You will contribute to ISO Business Management systems.

Essential Criteria

- A full driving licence.
- NVQ in Specialist Occupations (e.g., Door, Gate, and Shutters) – Preferred but not essential.
- Experience in the installation of automatic doors and aluminium shopfronts.
- Good organisational & communication skills.
- Excellent customer service skills.
- The ability to work individually and as part of a team.
- The ability to work under pressure and to meet deadlines.
- Willingness to do night work as required by many customers.
- Positive, enthusiastic attitude.
- BS7036 / EN16005 registered.
- CSCS card.
- An enhanced DBS check will be carried out.

Benefits of Working at Record UK

If you are successful, you will join a forward-thinking organisation that is always striving to do better, adopting an empowering working environment that allows you the opportunity to grow and develop in your role and beyond.

As part of Record UK, you'll enjoy a rewarding career with benefits designed to support your well-being and professional growth. These include:

- 33 days of annual leave (incl. Bank Holidays)
- Door to door travel paid.
- Efficiency bonus scheme.
- Life assurance scheme.
- Enhanced sick pay.
- Annual salary review scheme.
- Christmas shut down period with an ex-gratia half day on Christmas Eve.
- Access to an online employee benefits portal.
- Access to an extensive online training portal.
- Access to an Employee Assistance Program.

Additionally, you will be provided with:

- A company van.
- Power tools required to undertake tasks.
- Company mobile telephone and tablet.
- Uniform & PPE.

If you are ready to take the next step in your career, we'd love to hear from you! Apply now by sending your CV and covering letter to recruitment@recorduk.co.uk with the subject line 'Installation Engineer – Hub Location'.
